

# Gauges

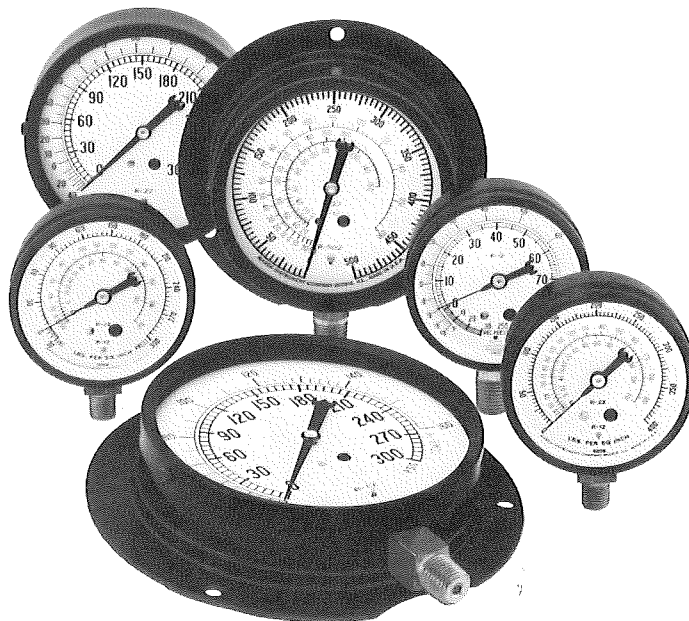

## Refrigeration Gauges with temperature scales, Recalibrator and restrictor

Designed specifically for use on refrigeration systems, these gauges are sturdily constructed and tested to give long, continuous, accurate service.

In addition to the standard pressure or compound scale, dials also show the corresponding temperature scales for R-12, R-22, and R-502, in the various combinations shown in the chart below. Dial markings are sharp, clear and easy to read. Pressure and vacuum scales are printed in black; corresponding temperature scales are printed in red.

Standard connections are  $\frac{1}{8}$ " N.P.T. male bottom connection for  $2\frac{1}{2}$ " case size, and  $\frac{1}{4}$ " N.P.T. for  $3\frac{1}{2}$ " and  $4\frac{1}{2}$ " case sizes. All are standard with black steel case and ring, Marsh Recalibrator, and restrictor. See chart below for choice of sizes, scales, case styles, and ranges, and their corresponding product numbers.

These gauges are not available as skin-packaged items.

REFRIGERATION GAUGES WITH TEMPERATURE SCALES

Standard with Recalibrator, Restrictor, Black Steel Case and Ring

Refrigerant Temperature Scales	2½" Dial Size	3½" Dial Size		4½" Dial Size
	⅛" N.P.T. Bottom Connection	¼" N.P.T. Bottom Connection		¼" N.P.T. Bottom Connection
	Plain Case	Plain Case	Flanged Case	Flanged Case
R-12 30" x 150 psi 30" x 120 to 250 psi 0 to 300 psi	W0002 W0006 W0016	W0030  W0034	W0036  W0042	W0050  W0056
R-22 30" x 150 psi 0 to 300 psi		W0032 W0035	W0038 W0044	W0052 W0058
R-12 & R-22 30" x 150 psi 30" x 120 to 250 psi 30" x 300 psi	W0004 W0008 W0012			
30" x 400 psi 0 to 300 psi 0 to 400 psi	W0014 W0018 W0020			
R-12, R-22 & R-502 30" x 120 to 250 psi 30" x 300 psi 0 to 500 psi	W0011*  W0023*		W0040 W0046	W0054 W0060

\*Special blue and red cases. See full description on page 3.
